Commissioner of Patents and Trademarks

Art Unit: 1635

DETAILED ACTION

This Office action is in response to the communication filed January 30, 2001, Paper No. 16.

The communication filed on June 26, 2000 is not fully responsive to the communications mailed February 28, 2000 and May 24, 2000 for the reasons(s) set forth on the attached Notice to Comply With the Sequence Rules.

Since the response appears to be **bona fide**, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a). Claims 24 and 30 contain nucleic acid sequences which do not have accompanying SEQ ID Nos, but instead refer to figures. There is no description of the figures, which description should include appropriate SEQ ID Nos. for all sequences listed in the figures. No paper copy of the sequence listings has been provided by Applicants. Appropriate SEQ ID Nos. must be provided for each of the sequences claimed. Claims should not include figure numbers but instead should particularly point out and distinctly define the subject matter that applicants regards as their invention (See MPEP at 2171 and 2172).
